**Spray FX  
Power  
Airbrush**

**Spray FX Power Airbrush** *Ohio Art, 800-641-6226; \$24.99.* Young artists can paint original designs on T-shirts and sneakers or simply make interesting pictures on paper with this no-mess airbrush. Connect the water-soluble markers to the power-driven airbrush and you get an uninterrupted stream of color. Parents can replace the water-soluble markers with permanent ones. The kit comes with ten stencils and requires four C batteries.

LEADHEAD INC.  
Product

**Wacky  
Watches**

**Tilt 'N Tumble** *Pressman Toy Corporation, 800-800-0298; \$17.99.* Kids and parents thoroughly enjoyed this strategy-and-luck game. Players roll the dice to determine which color disk to move from a lower-level game board to another board suspended above. Eventually, the weight gets to be too much; the top tilts and the pieces tumble. The last player to make a successful move wins. The two-tier board is fairly easy to assemble.

**Wacky Watches** *Janlynn Cre8, 800-445-5565; \$9.99.* Kids loved making these colorful working watches and then showing them off to friends.

**Tilt 'N Tumble**

All the materials you need are included in the pack. There are six styles, including a frog and a yin-yang design, and they're easy and fun to put together. ■
